Life Issues special: "No Woman Stands Alone"

In this post-Roe world, what is the Church's responsibility to women for whom abortion is no longer an option? With the dramatic change in abortion law in 2022, believers now have the opportunity to demonstrate their concern for both baby and mother (and father).

Brad Mattes, President of Life Issues Institute anchors this all-new special, offering the uplifting message that we are poised to demonstrate our Christian conviction in a new era.

Joining Brad are a team of men and women who are already actively engaged in ministry and who share insight on ways we can support moms-and their babies.
